PROFILE

First Class Honours Games Design graduate focused on combat systems, AI behaviour and gameplay in Unreal Engine Blueprints, who can also model and texture in Maya, Blender, ZBrush and Substance Painter. Seeking junior gameplay design, technical design or generalist roles in Bergen or remote.

CURRENTLY Building a UE 5 AI-assisted tooling setup and expanding the portfolio at kriswizard.github.io

FEATURED PROJECT

▶ youtube.com/watch?v=_OFNOvtgY2M

Winds of Valor — 2025

Final-year project, Teesside University · Unreal Engine, Blueprints

Modular melee combat framework inspired by *Elden Ring* and *Ghost of Tsushima*.

01 Lock-on duel with a critical hit

02 Blocking during a group fight

03 Enemy swarm test

- **Plug-and-play combat:** Actor-Component attack/defence system (light, heavy and charged attacks, block, parry, dodge, lock-on) that works on any UE third-person character via retargeting.
- **Tunable hits & stats:** animation-driven hit detection with per-body-part critical hits; Health, Stamina and Stagger balanced through data tables.
- **Group AI that scales:** a manager assigns who presses and who flanks; perception, state/action slots, combat-sports-style circling, strafing and charging, weighted attack/defend/dodge, EQS anti-bunching and friendly-fire checks. Tested in a 15–20 enemy swarm.
- **Game feel & UI:** main and pause menus, narrator text bubbles, damage numbers, combo meter, hit stop, VFX and SFX.
- **Reception:** LinkedIn post reached 679 reactions; part of a First Class Honours degree.

OTHER PROJECTS

Battlescars — 2022
Boss fight: animation blueprint, montage-notify hitboxes and perception-based AI with health-based combat branches.

RehabIsland — 2022
Noroff group project · Built the NPCs, AI, items and interactables, and did level design.

Pokehunter — 2023
Noroff group game · Built the inventory, abilities and crafting system.

Beta Arcade Module — 2024
Teesside University · Combat showcase.

EXPERIENCE

2019 – Present — **Security Guard** · PSS Securitas, Bergen
Shift work demanding responsibility and calm under pressure.

Jan 2020 – Oct 2020 — **Head Cook** · La Taqueria (Taqueria A/S)
Led the kitchen.

Sep 2015 – Feb 2018 — **Restaurant Manager (Daglig leder)** · La Taqueria (Tacoway A/S)
Ran daily operations, staff and scheduling.
